

NESSA Team Race Standings (posted February 11, 2013)

Once again, NESSA will use a website that allows the results for every NESSA school that team races during the spring to be posted. All schools that registered properly for the NESSA Team Racing Championship (Mark Trophy) must keep their scores updated if they want to be ranked at the end of the season. Also schools that signed up for the NESSA Fleet Racing Championship (O'Day Trophy) should use this site to help verify that they have sailed the required three meets or regattas before competing in the championship.

Here is how to post your school's scores.

1. Make sure you know how to score a meet properly (see below)
2. The winning coach should e-mail Rob Hurd (RSHurd@hotmail.com) within 24 hours of the meet's completion **and** CC the losing coach (full list of contact e-mail addresses can be found on the NESSA website. <http://highschoolsailingusa.org/directory/district.asp?ID=NESSA>)
3. The e-mail should contain.
 - a. Date
 - b. Winning school and score
 - c. Losing school and score
 - d. Location of meet (home, away, neutral site)
4. Scores can be viewed at: <http://www.taboracademy.net/nessa/standings.asp>

As the season progresses, we will be posting the computer rankings (Plan M), but that won't happen until enough schools who have registered for the NESSA Team Racing Championship reach the mandatory 7 meets needed for consideration.

How to score a NESSA meet properly.

I. Scoring:

1. For a meet to count, it must be a best of three or higher.
2. If one team wins a majority of the races, then the meet is over and should be scored accordingly.
(Ex: In a best of five meet, Team A beats Team B in the first three races, then the meet shall be scored Team A – 3, Team B – 0).
3. If the coaches decide to sail additional races, then those races shall count too.
(Ex: In a best of five series, Team C wins the first three races over Team D. The coaches then decide to sail two more races, which the teams split. The meet shall be scored Team C – 4, Team D – 1. In a best of five series, Team E wins the first three races over Team F. The coaches then decide to sail four more races, which Team F wins. The meet shall be scored Team F – 4, Team E – 3).
4. In the event that the series finished with some of the races having unresolved protests, the coaches may choose to either (a) hear the protests and adjust the results accordingly or (b) not hear the protest, in which case the results on the water stand
(Ex: In a best of five series, Team G wins the first, second, and fourth race. Team H wins the third race but there is an outstanding protest. Because the results from that protest will not affect the outcome of the meet, the coaches decide not to hear it. The meet shall be scored Team G – 3, Team H – 1. If the coaches decide to hear the protest and as a result Team H is scored DSQ and Team G ends up winning the race, then the meet shall be scored Team G – 4, Team H -0).
5. **Countable Meets:** Only a meet between two varsity NESSA school teams shall be counted, unless it is between two varsity-B squads. (Ex: If a Team-J uses a varsity-A against Team-K and their varsity-B group against Team-L, then the results from both meets are "countable." If Team-M's varsity-A sails against Team-N's varsity-A and Team-M's varsity-B sails against Team-N's varsity-B, then only the results from the varsity-A meet counts and should be recorded).

Unfinished meets:

1. Three races are needed for a meet to be officially, unless it is scheduled for a best of three series before the start of the first race, and one team wins the first two races, making the third race unnecessary.
2. In a best of five (or more) series, if the teams sail three races or more, and conditions prevent the finishing of the meet, then the meet is over and shall be scored as it stands. If the teams did not sail 3 races, then the meet is cancelled, and if the two teams race again, they shall start the series over.

Cancellations and Forfeits:

1. A meet may be cancelled:
 - a. By an athletic director contacting another athletic director at any time.
 - b. By mutual decision of the coaches. In all but extreme cases, this shall be done based upon the prevailing conditions at the sailing site. Visiting coaches shall listen intently to the thoughts of the home coach concerning local weather conditions and the integrity of the equipment.
2. A meet posted on the official team schedule submitted to NESSA for Team Racing New England's (Mark Trophy) consideration that is not sailed will be considered a forfeit loss if the score is not posted or the meet was not cancelled using the criteria listed above.
3. Due to the uncertainty surrounding the start of the season, meets forfeited before the first Friday in April will not count towards a school's win total, but will count as a loss for the school that forfeits.
